ADMINISTRATORS SALE.

By virtue of a decree of the Probate Court of Mecklenburg county, I will sell by public auction, at the Court House door in the city of Charlotte, on Monday, the 13th day of December, 1869, the following lands of the estate of Newell Ross, dec'd, viz:

A tract of Land lying in the county of Mecklenburg, on the waters of McAlpine's Creek, adjoining the lands of Rich'd Peoples, Wm. Ross, D. M. Lee and others, and containing about three hundred and sixty acres of land called the "Home Place."

Also a tract of Land lying in said county on the Providence road, adjoining lands of —— Reid, Wyatt Thompson and others, being a tract purchased of J. P. Ross, and containing about one hundred and twenty acres of land.

The Home tract, first above described, is sold subject to the dower of the widow of said Newell Ross.

W. M. SHIPP,
Nov. 8, 1869. Adm'r and Com'r.

THREE DESIRABLE TRACTS OF LAND FOR SALE.

I will sell on Wednesday, the 1st day of December next, at my residence in Gaston county, one tract of land containing 235 or 240 acres, 20 acres of which is River bottom, 75 or 80 acres 2nd bottom, about 100 acres of wood land. A good mineral well of water in the yard, a large and comfortable house containing 8 rooms, good out-buildings and a splendid orchard.

This tract lies on the Catawba River and the W. C. & R. R. R., at Tuckisege station.

Also, one tract in Mecklenburg county, about 2 miles south of the R. R. and lying on the Catawba River, containing 240 acres, 16 of which is No. 1 bottom, 75 acres of good upland and the balance is wood land. A good, comfortable house with 5 rooms and all necessary out-buildings. A good orchard and small vineyard for about three or four hundred vines. This tract has a good site for trap fishing, with traps in good order, also, a fine fish pond well supplied with fish.

I will also sell one-half interest in a tract containing 283 acres of wood land, lying in Gaston county, near Brevard's station, one mile south of the R. R. The timber on this land is very valuable, being principally pine, oak, and chestnut.

GOVERNOR'S MESSAGE.

EXECUTIVE DEPARTMENT,
Raleigh, Nov. 16, 1869.

To the Honorable, the General Assembly of North Carolina:

GENTLEMEN:—I congratulate you on your return to the seat of government, to resume your legislative duties. There is much important business which will claim your attention. You will doubtless proceed to the consideration and dispatch of business in a calm and dispassionate spirit, and with an eye to the good of the whole people of the State. It is made my duty by the Constitution to "give the General Assembly, from time to time, information of the affairs of the State" and to recommend such measures as I shall deem expedient. I propose to perform this duty in a plain and candid manner, with the assurance in advance that I am prepared at all times zealously to co-operate with you in all measures which you may deem most advisable and most salutary for the State and for our common country.

STATE DEBT AND FINANCES.

The most important subject which can engage your attention is the State debt and finances.

The amount of the State debt on the 1st October, 1869, is as follows: Ante-war bonds, $8,378,200. Post-war bonds, not special tax, $8,836,845; making $17,215,045. The post-war bonds are such as have been issued since the rebellion under funding acts, on such as were authorized by law before the rebellion. This debt is known as the "old debt."

Bonds issued to Rail Road Companies, the payment of the interest on which is provided for by special taxation, are as follows: To the Williamston and Tarborough Rail Road, $300,000. To the Western Division of the Western North Carolina Rail Road, $6,367,000. To the Eastern Division of said Road, $273,000. To the Wilmington, Charlotte and Rutherford Road, $1,500,000. To the North Western North Carolina Road, $1,080,000. To the Western (Coalfield) Road, $1,320,000. To the Atlantic, Tennessee and Ohio Rail Road, $1,760,000; making $12,600,000. Total bonded debt, $29,815,045. To this may be added of bonds not issued $4,280,000, making a total of the bonded debt and of bonds to be issued, of $34,095,045.

The interest on the special tax bonds is being paid. I regret to state that the Treasurer has been unable to meet the interest on the old bonds. It will be necessary to fund the interest due on these bonds, and it is for the General Assembly to decide for what time the interest shall be funded. The fact that the State made an effort to pay this interest and failed, certainly proves a disposition to pay; and the funding, by compounding and increasing the debt, thus adding to the burdens of the people and throwing new bonds on the market to compete with other already sold, will greatly stimulate the disposition which exists to meet this interest.

We are able to pay the interest on the whole of this debt, and those who will come after us will be abundantly able to discharge the principal. The State of Pennsylvania, twenty-five years ago, was as much embarrassed with her debt as we are with ours, and her good name was in danger of being clouded by repudiation. But she met her responsibilities boldly and in good faith; her best men united to sustain her credit; her people submitted cheerfully to the taxation necessary for this purpose, and the result was her faith was maintained, her great resources were developed, her population increased, her wealth doubled and quadrupled, and now she would not be embarrassed with a debt of one hundred millions. North Carolina has as many natural resources as Pennsylvania. Our debt has been incurred to improve our condition—that is, in the first place, to commence and continue certain lines of railway, and secondly, to finish these lines, as provided for in the Constitution. The amount thus expended has already been of incalculable benefit to the State. What, if the Wilmington and Welden Railway had not been constructed? What, if no Railway had gone to the sea from Goldsborough? What, if the Raleigh and Gaston Road had not opened the rich cotton and tobacco region from Wake, Franklin and Granville to Weldon, and thence to Petersburg and Norfolk? What, if the North Carolina Rail Road had not stretched itself out as a great life-supplying artery from Goldsborough to Charlotte? Must we pause in our career? Is not the enterprising city of Wilmington to be placed in connection with Ashville, and thence with the Mississippi valley? Must our great Western Rail-Road halt at Swananoa Gap, or at Ashville? No, gentlemen, *all* our great works must be completed. We must go on. We cannot recede. We must pay the interest on our bonds, and thus keeping faith and at the same time putting our bonds at such a figure as they should command, the various Rail Road Companies can dispose of those they have in hand, realize the money for them, and press their works to completion.

The present State debt should not, and, I believe, will not be increased. This is the dictate alike of justice and sound policy—justice to our creditors, and sound policy, because to increase the debt would be to oppress the people. But the debt has been honestly contracted; our bonds have been put on the market; they have been sold, and we have received the money for them, and we are bound in every way in which a State can be bound to *pay the debt*. The debt is obligatory under both the old and the new Constitution, and it has been sanctioned, and its payment will be sustained as a sacred duty, by the Supreme Court of the State. Under the Constitution, and under the decision of the Court, which is the highest known to our Constitution and laws, the whole property of the State is held to meet this debt, both new and old. Let us, then, meet it like men and North Carolinians. Let us hear no whisper even of repudiation. Let every citizen of the State resolve that nothing shall be done and nothing omitted which will cast a doubt on our purpose to pay this debt. Compared with many other States we are poor in developed resources and poor in means; but let this comparative poverty be honorable,—let us not add to it the crime of dishonesty, and, by destroying our good name with our credit, cut ourselves off from all hope of improving our condition. There is great hope for us in the future; but this hope is based on our integrity as a people and on our purpose to meet all our obligations, no matter how heavy the burden may seem for the present. Repudiation would not stop with the State debt. It would extend itself to the national debt, to the corporation debts, to individual debts and to private contracts. There would be no confidence between man and man. The credit system would be destroyed. The result of all this would be, not only a practical loss to the people of the State of more than the amount of their present debt, but a stigma of reproach and disgrace which would cling for ages to the character of the State.

I invite your special attention to the report of the State Treasurer, herewith transmitted. I take pleasure in bearing testimony to the able and faithful manner in which this officer has discharged his duties; and I trust your honorable body will give due weight to his suggestions and recommendations.

I respectfully recommend, first, the most rigid economy in the public expenditures; and secondly, that the Public Treasurer be relied upon by your honorable body to manage the financial concerns of the State in such manner as he may deem best, under your direction.

PUBLIC INSTRUCTION.

Your attention is invited to the Report of the Superintendent of Public Instruction, with accompanying documents, herewith transmitted. That officer, and his assistant, the Rev. J. W. Hood, have been active, zealous, patient and faithful in their responsible duties, and deserve therefore the thanks of the people of the State.

The system of public schools contemplated by the Constitution, and provided for by law, is nearly ready to go into operation. In most of the counties the requisite school officers have been elected and qualified. Teachers will be engaged and schools opened whenever Township and County authorities are notified of the apportionment of the school money, which has just been made for the ensuing year by the Superintendent of Public Instruction to the amount of $165,290.50. A few schools have already commenced. The General Assembly, at its last session, appropriated $100,000 for school purposes which sum is to be added to the capitation tax and apportioned among the counties of the State. The census of 1868, which was taken by the County Commissioners by direction of the Board of Education, shows that the school money must be distributed among 330,581 children. The amount of the capitation tax cannot be determined until the final returns of the Sheriffs on the 1st of next month.

I cannot too earnestly urge on the General Assembly the importance of sustaining the free public schools. Every hope for free government depends on the education of the masses. Taxes for such a purpose should be cheerfully paid. This is a subject upon which all can agree. We can all unite in earnest efforts to educate the rising generation, and thus make the State powerful and respected through the intelligence and general knowledge which will characterize its people.

The Swamp Lands vested in the Board of Education, still remains unsold and unproductive. It is recommended that the Board of Education be authorized to dispose of these lands. If the Board should be authorized to offer them for sale in parcels, or in a body, inquiry concerning them will be stimulated, and advantageous sales may be effected.

The University of the State claims the special attention, and is entitled to the fostering care of the General Assembly. There is now at Chapel Hill a Faculty consisting of a President and four Professors, who are able and experienced teachers. The establishment of Schools or Colleges, implied in the University system, will require the appointment of several additional Professors. A complete University should at once be organized. The Constitution contemplates a University, which is an assemblage of Colleges, and not simply a College; and in such a University every thing should be taught which will fit the students for the varied callings and employments of life.

The Trustees of the University will organize the colored department as rapidly as their means will permit. This department is not only a matter of justice, but of necessity. Our colored fellow-citizens are entitled in proportion to their number to equal consideration in this respect with the whites, and I am sure the General Assembly will make as thorough provision for the former as for the latter.

The proceeds of the land scrip donated by the general government to the State, and given by the State to the University to establish an Agricultural College, have been received by the Trustees and invested in State bonds. The amount invested is $254,000, which will yield annually $15,240. This income must be appropriated to a department of Agriculture and the Mechanic Arts, and will not, therefore, afford any support to the University proper. The investment in State bonds has doubled the fund, which is so much clear gain to the State and to the cause of learning.

The Board of Education, by authority of law, has disposed of its stock in the Wilmington and Weldon Road and the Wilmington and Manchester Road. The amount received for this stock was $158,000. This amount has also been invested in State bonds, and is now $454,000, yielding an annual income of $27,240. The amount originally invested in these Roads, of the deposit money from the general government in 1836, was $600,000, for and in behalf of the Litterary Fund of the State. Under the present Constitution these stocks were vested in the Board of Education; and the amount thus realized for them does not fall very far short of the original investment, while the income is larger and more certain than it was at any period from the corporations referred to.

I can not close this part of my message without earnestly appealing to the General Assembly to aid the Trustees in sustaining the University. This time-honored institution should not, in any event, be neglected. Our young men should be educated at home. To provide for this in a manner every way suitable and proper should be a leading object with the General Assembly, as it is with Trustees of the institution.

INTERNAL IMPROVEMENTS.

I do not deem it necessary to repeat the views expressed in my last annual message on the subject of internal improvements. The whole people of the State are committed in principle, in interest and in feeling to the various works, whether completed or in course of construction. All the completed works are paying expenses, and one of them, at least, in which the State is largely interested, gives promise of a handsome dividend.

The North Carolina Rail Road, extending from Goldsborough to Charlotte, is the most important work in the State. With the Atlantic Road, from Morehead City to Goldsborough, and the Western Extension, from Salisbury to Paint Rock, it will constitute a trunk line from one of the finest harbors on our coast to lines of railway connected with the Mississippi valley and the Pacific coast. With the Raleigh and Gaston Road, from Raleigh to Weldon it will afford the same path for travel and freight from the Pacific coast and the Mississippi valley to Norfolk, and the markets of the world. United with the Wilmington, Charlotte and Rutherford Road at Charlotte and the latter with the Western Extension at Asheville, a channel of communication will be opened from Wilmington to Asheville and Paint Rock, and thence with the Great West and the Pacific coast, which will benefit immeasurably the region through which these lines will run, and add constantly and permanently to the prosperity and wealth of Wilmington. The Fayetteville or Coalfields Road is on the way to Greensborough, or Salisbury, or some intermediate point on the North Carolina Road; while the Northwestern Road, from Greensborough to Salem and Mount Airy, will in due time pour the rich products of the Yadkin into the North Carolina Road. This latter Road is, indeed, the "*North Carolina* Road." Its management, by its President, Mr. Smith, and the Board of Directors, has been able and efficient. Its debt has been reduced, its condition in every respect has been improved, and it is believed it will be able at the next annual meeting of the stockholders to declare handsome dividend. I doubt the policy of leasing or selling this Road. At a meeting of the stockholders of this Road, held in Raleigh on the 11th instant, to consider propositions to lease it for a term of years, I felt it to be my duty to announce through the State proxy that I was opposed to leasing it to any parties whatsoever. I persued this course in the absence of instructions from the General Assembly. While your honorable body would have no power to direct a lease against the wishes of the private stockholders, whose rights are secured by the charter, yet any opinion you might be pleased to express in the name of the people on the subject, whether for or against a lease, would have great weight with the Executive and the private stockholders.

THE MILITIA—LAW AND ORDER.

Attention is invited to the Report of the Adjutant General, herewith submitted. This officer has performed his duties faithfully. I trust his suggestions will meet the approval of the General Assembly.

Under the present militia law the Executive is comparatively powerless to enforce the laws. These laws should be amended, so as to give the Executive the authority to embody promptly such a militia force as will enable him to repress violence in certain localities and maintain the peace.

Numerous complaints have been made to me of violence and mob law in certain Counties, by parties who ride at night armed and disguised, and assume the right to regulate neighborhoods by injuring, insulting and punishing inoffensive white and colored persons. There is no safety for any citizen outside the law. The civil law must be maintained. Men who put on disguises, and ride at night and break open houses, and molest, terrify or injure peaceable citizens, should be seized and punished. They are neither good citizens nor honest men. They are ready at any moment to act the part of outlaws and murderers; indeed, by thus disguising themselves and using deadly weapons to execute their purposes, or to sate their feelings of resentment and vengeance on any portion of the people, they proclaim themselves outlaws and enemies to society, and should be dealt with accordingly. Secret political organizations have existed, and will exist always. Whatever we may think of such organizations, or however we may regret the necessity for them, it is not to be expected that we can get rid of them. They are comparatively harmless as long as they are pacific, and do not infringe the rights of others. But when they resolve themselves into military organizations, and take arms, under whatsoever pretext, to regulate neighborhoods and to dispense and execute such law as may be conceived only by themselves, they become dangerous to society, and all good citizens should unite to put them down. In a matter so grave as this, involving as it does life and property, there should be no party feeling. I can not believe that any party in this State countenances or would uphold these midnight marauders, who go masked like cowards, the better to conceal themselves in ther nefarious work and to escape the detection and punishment they deserve. Least of all can I believe that any brave Confederate soldier, who retired from the army and submitted in good faith to the authority of the nation, would unite himself with such men, and thus bring disgrace on himself, his family and friends.

I trust the General Assembly will at once so amend the militia law as to authorize the Governor to call out for active service as many substantial white citizens as may be necessary in an emergency to enforce the law and to put down these midnight marauders. It would not be advisable to employ colored militia only in certain localities for this purpose. The outrages referred to are confined almost exclusively to Counties in which the white and colored populations are about equal in number, or in which the whites have a small majority. To call out the colored militia alone in these Counties would be unjust to the colored race, and would give a pretext for increased exasperation among certain whites against the colored people; but as the law now is, any one who may be ordered to perform service in the Detailed Militia may pay two dollars for exemption therefrom and evade service, thus imposing the burden on volunteers, or on such as can not pay that amount.

It is to be regretted that the army of the United States has been so reduced by the action of Congress that a larger number of federal troops can not be spared at all times for this State. The presence of a regiment of infantry, and four companies of cavalry, stationed at different points, would have a most salutary effect in repressing these outrages and maintaining the peace. It is not doubted, however, that, in an emergency, any number of federal troops that might be required would be promptly furnished. No "war of races," as it is called, will be permitted in this country. No organized resistance to established authority would for a moment be tolerated. The national government, strong to protect and jealous of the rights and liberties of those who are supremely attached to it, is over all, and would not be slow in an emergency to vindicate its power, and to visit with condign punishment the insubordinate, the treacherous and the guilty.

IMMIGRATION AND AGRICULTURE.

Attention is especially invited to that portion of the Report of the Secretary of State, herewith, transmitted, in relation to these subjects.

Every proper and judicious effort should be made by the State to promote immigration. No region of the earth can offer a better climate, or more varied or valuable natural resources than can be found in North Carolina.

Our agriculture, though it has improved in some respects since the close of the rebellion, is still in a languishing condition. This is a subject of primary importance. I am gratified to state that the late State Fair exhibited decided indications of improvement and advancement in Agriculture and the Mechanic Arts. I trust the General Assembly will liberally foster the State Agricultural Society, and the District and County Societies, as affording the best means to stimulate production of all kinds. With energy, industry, and well directed labor and economy, we have much to hope for in the future; and if we are true to ourselves, and improve as we should the natural advantages which Providence has bestowed upon us, the day is not distant when the State will be richer, more prosperous and more enlightened that at any former period.

THE PENITENTIARY.

The Commissioners appointed for this purpose have chosen a site near the City of Raleigh, which is believed to be every way fit and advantageous, and they are pressing the work with commendable skill, dispatch and economy. It is believed the stockade and the necessary buildings for the officers and convicts will be ready by the first day of January next, at which time the Counties will experience much relief in sending their State prison convicts to the Penitentiary. The report of the Commissioners will show in detail what they have done, and what will be required during the ensuing year to carry on the work.

FEDERAL RELATIONS.

The most cordial relations continue to subsist between the government of the United States and the government of North Carolina.

The administration of President Grant is receiving the approval of a large majority of the American people. The honesty and economy by which it is characterized, and its success in maintaining the plighted faith of the nation on its bonds, while it is constantly reducing the national debt, entitles it to the special commendation and support of all good citizens.

I regret to state that the fifteenth amendment, under which every man would be entitled to vote in every State, is not yet a part of the Constitution of the United States. This measure of justice will yet prevail. The colored man in Ohio or Illinois should have the same right to vote that the colored man has in North Carolina; and justice will not be done, and the Union will not have been reconstructed on an enduring basis, until this right is secured by the Federal Constitution itself, so as to place it beyond any changes that may occur either in popular opinion or in the administration of the different State governments.

By the fourteenth amendment to the Constitution of the United States certain persons in the recently insurgent States are debarred the privilege of holding office at the hands of their fellow-citizens; but the Congress may, at pleasure, remove such disability. There are many citizens of States which did not engage in rebellion, who are technically exempt from this disability, but who were not more loyal to the government, and are not now more loyal than many citizens of this State who are only technically excluded from holding office. I am not able to perceive that a citizen of a State that did not engage in rebellion who sympathized with the pretended Confederacy, and did all he could to discourage volunteering and to paralyze the national arms, is more loyal or more deserving of consideration than the Southern Unionists who occupied some small office, not with a view to aid the rebellion, but merely to escape conscription. There are several thousands of persons in this State of the latter class, who were at one time supremely attached to the national government, and who endeavored in every conceivable way to avoid fighting against the government of the United States, but who are now soured and distressed, because, by the fourteenth amendment the very means they adopted to avoid doing violence to their judgments and consciences have been used to exclude them from office. Every citizen of this class, and every loyal citizen, is entitled to be at once relieved by Congress. There are several thousands of others in the State, who are either indifferent to the government or opposed to the acts of Congress by which the State was reconstructed. These persons have been sorely punished for their acts of rebellion. Even if disposed to thwart the action of the federal or State governments, they are powerless to do so. They are chafed by the reflection that their former slaves can hold office, while they are excluded, and this reflection is magnified in their minds into the belief that the national government is disposed to pursue and punish them, simply because they had taken an oath to support the Constitution of the United States before they engaged in rebellion, while the obligation to support this instrument was equally binding upon all, and thousands upon thousands who never took that oath, but who were as deeply and as bitterly immersed in the rebellion as they were, are not banned or excluded. The nation can afford to be magnanimous. After nine years of rebellion, and strife, and civil discord, and social disruption and bitterness, a very large majority of the people of North Carolina long for peace, and harmony, and good will, and security for life and property. But this matter is in the hands of Congress. The States have no control over it. Let the nation show its power every where to maintain the laws, to punish those who may resist its authority, and to sustain the reconstructed States in securing to their citizens as thorough freedom, and as profound peace and quiet as existed in other States; but let it at the same time exhibit that magnanimity and mercy towards all, which after nine years of conflict, and strife and ill will, would so admirably grace the freest, the proudest and greatest people on the face of the earth.

In conclusion, gentlemen, allow me to say that I trust your deliberations will result in good to the people of the State. Let our trust be in God, who governs absolutely in nations, that He will over-rule all our councils for good, and that He will shower his choicest blessings on our beloved State.

W. W. HOLDEN,
GOVERNOR.

THE REMEDY FOR CURING

Consumption, Coughs, Bronchitis, Asthma And Croup.

AS AN EXPECTORANT

It Has No Equal.

It is composed of the active principles of roots and plants, which are chemically extracted, so as to retain all their medical qualities.

Ministers and Public Speakers

Who are so often afflicted with throat disease, will find a sure remedy in this Balsam. Lozenges and wafers sometimes give relief, but this Balsam, taken a few times, will insure a permanent cure.

Will all those afflicted with Coughs or Consumption, give this Balsam a fair trial, they will be pleased with the result, and confess that the SURE REMEDY IS FOUND AT LAST.

Davis' "Pain Killer."

Stephen Miles, Davenport, England—Gents—I have great pleasure in recommending the Pain Killer. For more than three months I suffered severely with a sore throat, for which I consulted the best physicians, but derived no benefit until, by a friend's advice, I tried your Pain Killer as a gargle. In a short time it completely cured me. While in India I frequently gave your medicine to the natives when no doctor could be had, in cases of severe headache, rheumatic pains, cramps in the stomach, and cholera, AND IT ALWAYS CURED THEM. I consider it a most valuable medicine.

Yours, &c. STEPHEN MILES.

GENTS.—I have used *Perry Davis & Son's "Pain Killer"* in my family for nearly a year past with great success. I deem it a valuable medicine; it gives almost immediate relief. I like to have a supply always on hand, and would cheerfully recommend it to all my friends.

We Live in three Climates.

In this country we have at different seasons of the year, the temperature of three climates. Our Springs and Autumns have a softness and mildness that belong only only to the Temperate Zones; our Mid-summers are torrid, and our Mid-winters almost arctic in their frigidity. These changes involving a variation of from ninety to one hundred degrees of Fahrenheit during the year, are upon the whole conducive to health and long life, but they tend to entail upon us some distressing complaints which can only be escaped by the exercise of due care and the use of a proper antidote when the system is pre-disposed to contract them.

The chief and most annoying of these disorders is dyspepsia, once supposed to be incurable, but which, since the introduction of HOSTETTER'S STOMACH BITTERS, now about twenty years ago, has proved to be a perfectly manageable disease.

In the Spring and Fall, but more especially in the Fall, the symptoms of dyspepsia are generally aggravated. The profuse expenditure of the animal fluids under the burning sun of Summer, is apt to leave the stomach weak and indolent and incompetent to the task of perfect digestion. It requires a tonic which will rouse it from its lethargy and brace and invigorate without irritating or inflaming it. This tonic has been provided in the wonderful vegetable preparation which has replaced in a great measure, all the old palliatives formerly prescribed by physicians, under the false idea that the disorder could not be radically cured. The success of HOSTETTER'S BITTERS in all the varieties of dyspepsia, acute or chronic, has effectually exploded this fallacy, and it is now recommended as a specific for indigestion by some of the most eminent members of the medical profession.

R. H. ALDRICH, Local Editor.

Thursday, November 18, 1869

To-day being set apart by the President of the United States as a day of Thanksgiving, as is customary with the TIMES Office, no paper will be issued to-morrow.

To the exclusion of our usual miscellany, we publish this morning the Governor's message. It is a very lengthy document, but as a matter of course will be waded through by all, as all wish to know what are the Governoa's views on State and Federal affairs, and what his recommendations to the Legislature.

THE MILTONIAN TABLEAUX.—It will be seen by an advertisement in another column, that this beautiful exhibition will soon open in this city.—We clip the following very complimentary notice from the Raleigh *Standard*.

"MILTONIAN TABLEAUX. — Tucker Hall was again well filled by an intelligent audience on Saturday night last, on the occasion of the second exhibition of the Miltonian Tableaux The sublime poem of Paradise Lost is rendered more perfectly intelligible to the general reader by this fine panorama; and many people of brilliant imaginations who have not read Milton's master-piece for years, have its grand passages brought back to their memories by witnessing the results of the artist's genius here presented. This panorama is a work of a high order of merit, and the common ideas of heaven and hell, creation, and the fall of man are so vividly represented upon the canvass as to make a strong impression upon the beholder. We can recommend the people to give them a full house.'

PAPER MONEY AND SPECIE.—Thiers, in his history of the French Revolution, remarks: "Paper, however safe, is not like money, a reality, or according to Bailly's expression 'a physical actuality.' Specie carries its own value along with it. Paper, on the contrary, requires one more operation, a realization. It must therefore be below specie, and as soon as it is below it, money, which nobody will give for paper, is hoarded, at length disappears. If, moreover, abuses in moderate issues of paper destroy the proportion between the circulating medium and the capital, confidence vanishes; the nominal value is retained, but the real value ceases; he who gives this conventional money robs him who receives it, and a great crisis ensues."

A certain dramatic writer being caught in a shower of rain; took refuge under the portico of a handsome building in New York. As soon as he had taken the position, a window was opened, and a lovely female face appeared, which seemed to beam with sympathy and anxiety. She soon retired and sent him an umbrella by a servant. He at once fell desperately in love, and thinking from her anxious looks that the feeling was reciprocated, he called on her in the morning, sent up his card, and gave into her own hands a very costly umbrella in place of the old shabby one he had borrowed, and wound up by making a profession of love. The young lady without even noticing the exchange that had been made, perceiving how her act had been misinterpreted, naively replied: "I feel it to be my duty to undeceive you, sir. At the time of the shower I was anxiously expecting the arrival of a gentleman, who is, I confess, very dear to me, who wished to see me in private, and my only motive for sending you the umbrella was to get you off the steps."

WHAT I LIKE TO SEE.—I like to see young men and girls staring at each other in church, it shows a disposition to obey the command, "let us love one another."

I like to see young ladies when they go to church freely and openly discourse the topics of the day, it shows that they are uncompromising opponents of "gag laws."

I like to see a man when the minister is praying in church looking first at the minister, then at some body else; it shows a disposition to obey the command, "watch as well as pray."

LATEST NEWS.

WASHINGTON.

WASHINGTON, Nov. 16.—Revenue to-day $870,000.

The Sheriff of Philadelphia has arrested Revenue Supervisor, Sutton, for seizing a distillery.

The American Bank Note Printing Company have resumed printing Federal currency, examinations into alleged irregularities having been concluded.

The examination of the affairs of the National Bank Note Company commenced to-day: their operations are suspended until the completion of the investigation.

The *Tribune* says editorially: "The first testimony in the drawback frauds was taken on Saturday and so far opens the case that the public can name the principal conspirators. These frauds have been going on for five or six years and the parties in the work must have robbed the Treasury of a vast amount.

Samuel T. Blatchford was the leading spirit, his assistants being Cauldwell & Co., Custom House brokers R. Mulligan and F. A. Howard who are in the Revenue Bureau at *Washington*. The most important witness thus far is Ackleman Kern, who was familiar with all the transactions and was an interested party to some extent. He was arrested last January but not seeing the justice of suffering alone while the leading offenders went free, he told the whole story to the District Attorney. Several parties, whose names are withheld are under arrest, and the Judge is determined to sift the matter thoroughly.

The examination is adjourned until next Friday.

Treasurer Spinner is quite sick.

The Legislature.

On Tuesday, a quorum was present in both Houses.

In the Senate, Mr. Burns offered a resolution earnestly and respectfully requesting Congress to remove the political disabilities of citizens of N. C., and also, to modify the test oath, so as to allow any one in the State to hold office. These resolutions were referred to the Committee on Reconstruction.

Mr. Sweet gave notice of a bill to provide for the interest on the State Bonds and to create a sinking fund.

In the House, Mr. Seymour introduced resolutions against any further increase of the State debt and against repudiation.

Resolutions urging the removal of political disabilities were also introduced in the House by Mr. Pou, and appropriately referred.

Mr. Malone introduced a bill, requiring Justices of the Peace and Clerks of Townships to give bond.

STATE NEWS.

SPLENDID LAND FOR SALE.

On TUESDAY the 7th day of December next, at noon, at the Court House in Charlotte, I will sell a tract of land, lying one mile east of the city of Charlotte, containing 156½ acres, one half of which is under cultivation, and the rest is heavily timbered.—This is really a tract of first-rate land, the soil is good, adapted to corn, cotton and tobacco, and the timber alone, being so near the city, is of great value. Three large tobacco barns are on the premises. It is perhaps, the most valuable tract that will be offered near the city for years.

TERMS: A credit of 12 months with note and security. Title reserved until money is paid. Call at my residence to be shown the premises

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking and cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.
